

## Brass

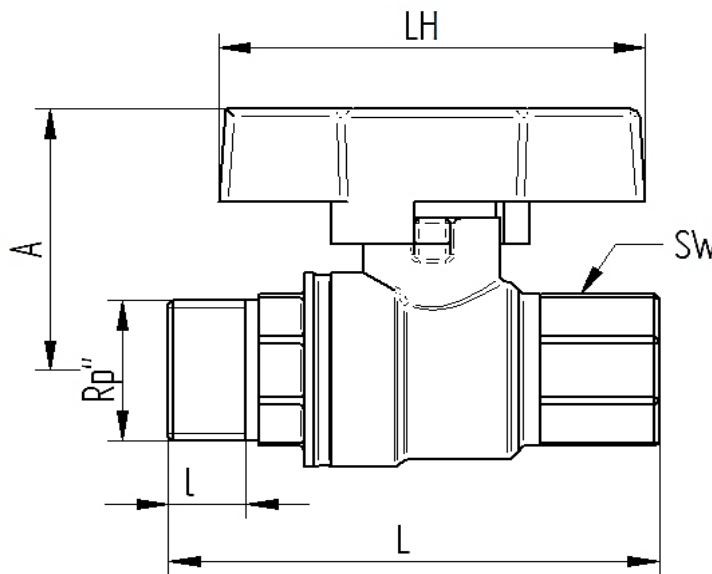

### TECHNICAL DATA

Operating temp. liquids :	- 15°C to max. + 110°C, depending on pressure
Operating temperature gas :	- 20°C to max. + 60°C, depending on pressure
Operating pressure gas :	MOP 5 / PN5
Operating pressure liquids :	Compressed air max. 20 bar
Connection thread :	according to DIN EN 10226-1 long thread
Housing material :	Brass CW617N
Ball :	Brass CW617N chrome-plated
Ball seals :	PTFE
Stem :	Brass CW617N blow-out proof
Stem seals :	PTFE / HNBR
Butterfly lever :	Die-cast aluminum, yellow coated

**Approval:** DIN-DVGW-gas, EN 331

### Connecting thread female / male
